Dear Polish Genealogical Society of Connecticut and the Northeast:

Congratulations on achieving 25 years of actively promoting the research of Polish-American families in the Northeast. Your group has done extensive work in the area of researching parish and community histories, recording Polish cemetery inscriptions and assessing various types of data from the Northeast which will continue to serve many generations to come.

I commend everyone in your group on their years of hard work and service to the Polish-American community. It is groups like yours that keep the history alive and all of this data gathered will only allow for more understanding of past generations and their way of living.

Sincerely,

Donald J. DeFronzo
State Senator 6th

John Geragosian
State Representative 25th

Peter Tercyak
State Representative 26th

Tim O'Brien
State Representative 24th

Betty Boukus
