Dear Friends:

I am pleased and proud to express congratulations and appreciation on the occasion of your twenty-fifth anniversary conference.

I admire and applaud the work of the Polish Genealogical Society of Connecticut and the Northeast in preserving and exploring the history of people of Polish descent. Polish-Americans have made extraordinary and significant contributions to our communities and our state. Your organization has done wonderful work honoring their legacies.

Thank you for your dedication to celebrating the history and future of your community.

Many thanks, and warmest regards.

Sincerely,

RICHARD BLUMENTHAL
